

Message

It is our aim to be at the heart of our local community, giving a familiar and welcome experience for our local children - so that when they make the momentous leap to college for higher studies it is less daunting and more exciting. They will settle more quickly amongst familiar faces and friends and make the most of the multitude of opportunities offered here at the academy.

Our aim is that every child should have the personalized support that will enable them to mature and become the enthusiastic and fulfilled young adult learners of the future. Our expectations are that every student who comes to the Academy will work hard, learn to their best Ability, behave well and make a positive contribution to our community.

Our Academy is making good progress towards becoming an outstanding school. We have had our best-ever CBSE results this year. We hope you will join our high achieving school in the community.

- Dr. V.K. Katiyar

Our Vision |

"CREATING LEADERS"

"Men are taught from **Childhood** that they are weak and sinners. Teach them that they are glorious children of immortality, even those who are the weakest in manifestation. Let positive, strong, helpful thoughts enter into their brains from the very **Childhood...** from the very **Childhood**"

Mission |

The mission of HIA (H-I-A) is to enable, encourage and endow..... student to initiate the life long pursuit of learning by providing a safe, nurturing, enjoyable culturally fruitful and stimulation environment. HIA is committed to instill in each student the values needed to holistically grow and develop in baby, mind and soul. We large strong bonds with parents thus enhancing balance in the development process of each student.

HIA practices the perfect lesion of a scientific curriculum, international exposure academics beyond excellence, effective communication and multitasking skills and best possible aptitude based career development options which by the foundation that helps early child to achieve success in II phases of life and contribute wealthily to global society

Values |

Guru Shisya Parampara to amalgamate traditional values with the best global practices of teaching & Learning.

Admissions |

Parents, guardians are encouraged to enroll their wards no later than March for the academic year beginning in April. The rules and regulations laid down by CBSE with regards to admission are followed.

Parents/Guardians seeking admission should register their documents.
Registration - Interview - Examination - Merit List - Admission.
Admission are granted strictly on merit without any prejudice to caste creed, sex or religion.
Admission of students are renewed every year depending on the student overall performance.

Facilities |

We offer the best available facilities to our children in pursuit of giving them good knowledge. We strive that the children learn the best way and we put our efforts in fulfilling that.

Laboratories |

The school has well equipped, furnished, spacious and well-ventilated laboratories for computer science, physics, chemistry and Biology. Qualified and dedicated laboratory staff aid students with their experiments. We have state of the art facilities and our Computer, Biology, Physics, Chemistry and Mathematics Laboratories are enviable.

Science Laboratories |

I Hear, I forget; I see, I remember; I do, I understand
True to this saying, we emphasize hands on practical on practical work as far as possible to help to help our students understand the theories of science. Lab work helps bring forth the child's innate curiosity and channels it into a systematic exploration of things unknown. At the middle school and higher levels we have well equipped labs and modern scientific teaching aids. Our labs attest our commitment to provide high quality education.

General Information |

Open House Meeting : Education is the joint responsibility of teachers and parents. The interaction between the two is facilitated through open house meeting at regular intervals.
Students shall not be allowed to appear in the examination unless all dues paid. A grey card will be issued for unsatisfactory progress in studies, insufficient attendance and for unwanted behaviour.

Parents Teacher Interaction : Parents are welcome to see teachers every 2nd Saturday. They are informed periodically about their child's progress. A healthy dialogue is established in the a Parents Teachers meet organised after every terminal examination.

Expectations |

All students at HIA are encouraged to take part in voluntary and after-school

activities. The school expects the highest possible standards of effort, self-discipline and achievement.

Uniform |

A high standard of personal appearance is expected of all students. Families are asked for their support in encouraging their children to arrive at the school in full school uniform. All uniform / and personal possession brought into school should be clearly labelled. Students are discouraged from bringing valuable items into school.

Behaviour |

We believe that all students have the right to learn. We encourage good behaviour, punctuality and attendance as vital habits for a successful life. We have a strong culture of celebration, a recognition of positive behaviour and attitudes to learning, including regular prize giving ceremonies. At HIA we emphasize the importance of personal responsibility and good relationship with all members of the school community; we encourage and atmosphere of respect and consideration for each other within a clear framework of firm but fair discipline. The Academy has a clear Behaviour Policy, which is available on our website, and there are a range of sanctions for pupils who misbehave. Those few students who interrupt the learning of others are removed from classrooms, given support to modify their behaviour and then reintegrated. Those who do not change their behaviour may have to leave the school.

Punctuality and Attendance |

It is very important that your son or daughter attends school regularly and on time; poor \ attendance can seriously effect your child's education. We have embedded systems that ensure students conform to our expectations. Excellent attendance and punctuality are rewarded.

Synchro study for IIT-JEE, AIEEE, AIPMT |

- Synchrostudy is a new technique in which blended learning is provided to students (for competitions are well as boards) with in the school premises and with in the school hours. In this technique External experts work in full coordination with the School curriculum. The only method which provides ample time for self study to the students. Provides better system, better planning and hence better results in lessor expenditure and lesser time consumption.
- In HIA the synchrostudy program is run under the complete guidance of Mr. Sanjay Sharma (Author Arihant Prakashan, Ex. Academic Head Sri Chaitanya Delhi, Ex. Director CES, AES Experience 22 years) and Mr. R.A. Sharma (Ex. HOD Physics of various coaching's at Kota, Experience 25 years, Magician of physics with his own solutions of I.E. Irodov). The duo has more than 10000 successful Doctors and Engineers to their credit.

INDIA'S FAVOURITE PRESCHOOL

Smart Classes / Interactive Classroom |

HIA has introduced a latest system of teaching, keeping in mind the new challenges, being faced by the new society in the form of Smart Classes.

Smart Classes are that class room where latest technology is being used to impart knowledge with the help of audio visual teaching aid like computer, LCD, Projector and etc.

The smart technology helps in the following ways |

- Improves teacher's effectiveness and saves their time.
- Increases teacher' productively and reduce workload.
- Ensures easy usage with minimal training. Becomes an integral part of teachers life in class room.
- Makes learning an enjoyable experience of students.
- Enable multi - sensory learning in class rooms. Guarantees that every child in the class room learns.

- Improves academic performance of students. It retains memory 20 times more than audio

Day-Boarding Facilities |

Is is an Ideal Facility for the students whose both the parents a4re working or they are not able to help their children in studies.

School Hostel |

The school caters to boarders form classes Nursery To XII and offers student singular and dynamic educational experience where learning is not limited only to the classroom, but extends to dormitories, dining hall, playing field and every other part of the campus. The boarders have a well-denfined daily routine from 5:30 am to 9:30 pm both for play and study.

The HIA Boarding has a capacity to accommodate 300 students in its boarding houses-Each hostel is self-contained offering modern amenities, attractive well-lit and ventilated sleeping rooms, a central courtyard, recreational area and common room with provision of indoor games, audio-visual equipment and reading material.

The boarding provides a homely environment for the healthy growth of the children.
